before

after

I just wanted to tell you how impressed and appreciative I am with the beautiful repair job you did on our leather furniture. It looks like new! I never thought it would have been possible for you to do such an excellent and complete job. You are very talented indeed! AND my husband told me how pleasant and professional you are to work with. Many, many thanks for your amazing work. IF you ever need a reference or testimonial, we would be happy to write in your behalf. Most deserving. Thanks again and have a great summer!
